EDUCATION

M S RAMIAHA UNIVERSITY OF APPLIED SCIENCES

Bachelor of Technology
Computer Science

August 2023 - Present
Present Percentage: 88.1

Bhashyam Junior College, Guntur

Class XII (Senior Secondary), state

June 2021- May 2023
Overall Percentage: 86.2

CARRIER OBJECTIVE

"Final-year B.Tech student passionate about AI, Data Science, Software Development, and Full Stack Development. Seeking an opportunity in a growth-oriented organization where I can apply my technical skills, work on real-world projects, and continuously improve through hands-on learning and innovation."

PROJECTS

❖ Deep Learning for Image Recognition

Built and trained a CNN model for image classification tasks. Applied deep learning techniques to improve accuracy and evaluated performance on benchmark datasets.

❖ Library Management System

Developed a system using unsupervised learning to cluster unlabeled data. Implemented K-means, DBSCAN, and Hierarchical clustering to identify patterns and groupings.

❖ Waste Food Management System

Designed a web-based platform to connect food donors with NGOs and shelters. Integrated real-time tracking, location-based matching, and automated notifications for efficient food redistribution.

❖ Drug Discovery using Graph Neural Networks

Implemented a GCN model on SMILES molecular data for drug-target prediction. Used PyTorch Geometric and RDKit, achieving strong results with AUC-ROC and Accuracy metrics.

TECHNICAL STRENGTHS

Language	Python, Java, JavaScript, HTML, CSS
Data Analysis	NumPy, Pandas, Matplotlib
Machine Learning AI	Tensorflow, Keras
Web Tools	Git, Github
Core Computer Science	Data Structures & Algorithms , Object-Oriented Programming , Database Management Systems (DBMS), Computer Networks,

EXTRA-CIRRICULAR

Rotaract Club Member

NSS Team Head

STUDENT COUNCIL MEMBER
